We call this Qing-dynasty neck pillow "Broken Dreams" not for the restlessness one might experience with such a hard headrest but for the 19th-century restoration that enhances its age and character. Dealing with what could have been an irreparable crack, a resourceful restorer used iron closures to bring the head rest back to its original beauty and function. Neck pillows were popular among upper-class women who used them to protect their elaborate hairstyles by elevating the head during sleep. Continued...
