WALNUT OFFERING TABLE

\$3,880

c. 1900 • Shanxi, China • Walnut • Collection #TLA033

W: 38.25" D: 17.0" H: 30.75"

This late 19th-century offering table from Shanxi province expresses Ming-dynasty tastes with clean lines and a simple silhouette. Minimally decorated, the table features straight legs topped by spandrels carved with archaic scrollwork and a beaded edge that runs along the legs and apron. Despite the traditional design, smaller, recessed leg tables such as this were multipurpose, used as domestic altars, display tables, or surfaces for serving food and drink. Perfect as an occasional side table, this table showcases the beautiful grain of walnut (hetaomu) with timeless restraint.
