FLANKED PLANK TOP RUYI ALTAR TABLE

\$14,980

c. 1800 • Shanxi, China • Northern Elmwood • Collection #P273

W: 81.75" D: 21.0" H: 32.75"

This monumental early 19th century flanked top altar table from China's Shanxi province is notable for its robust traditional style. The top is carved from a solid plank of elmwood timber and the thick side panels are carved with uniquely smooth and rounded auspicious ruyi, symbols of good fortune and prosperity. A table of this grand scale would have been placed against the back wall of a large hall or temple where it would have served as a platform for incense burners, candles, and offerings.
