

GOURD FORM BRASS BRAZIER

\$980

c. 1850 • Northern China, China • Brass • Collection #CMKH136

H: 3.0" Dia: 5.75"

Incised with images of scholars, this 19th-century gourd-shaped brazier once warmed the hands of a nobleman or member of the literati. Filled with coal, the brazier took the chill off northern China's cold winters. Made of brass that's weathered to a rich patina, the brazier features a double handle and geometrically carved top.
