LIMESTONE DRUM

\$2,680

China • Limestone • Collection #TLB121E

H: 18.0" Dia: 9.0"

This narrow drum stool was carved from a solid block of limestone with a minimalist tapered design. The stool is subtly etched with thin grooves around the top, suggestive of the lines drawn by stretched hide on an actual drum.

Traditionally used as a place to sit and rest one's feet, stone drums are ideal as side tables, pedestals or garden seating.
