MARBLE PEDESTAL

\$4,280

Shanxi, China • Marble • Collection #BJFF043

H: 28.5" Dia: 17.0"

This finely carved marble pedestal is ideal for display inside or out. The raised pleats stand in for a melon's ribs and flow down from the pedestal top to the stepped disc base. The dynamic relationship from rounded top to swelling center to rounded base brings movement to solid stone. A traditional symbol of fertility, the melon form of this sculptural pedestal offers meaning and architectural beauty to any environment.
