MARBLE PROSPERITY DRUM STOOL

\$4,280

c. 1900 • Hebei, China • Marble • Collection #BJGG040B

H: 16.5" Dia: 16.5"

Hand-carved of solid marble, this early 20th-century drum-form stool has eight sides, an auspicious number symbolizing good fortune and prosperity. Each side is decorated with a simple yet effective design of nested cartouche panels and imitation hobnails. Traditionally used as a place to rest one's feet, a stool like this may have originally been nestled among the trees and flowers in a traditional Chinese garden. We also enjoy it as a small side table indoors or out.
