MONGOLIAN BABY BED ON STAND

\$1,480

c. 1900 • Mongolia • Northern Elmwood, Steel • Collection #CDK003

W: 36.0" D: 12.5" H: 26.5"

Hewn from spare wood and softened by a rich patina, this wooden form once cradled a newborn in a provincial Mongolian home. Like a rocking cradle, the recessed log has a rounded underside that would have allowed a mother to gently sway her child to sleep. Mounted on a steel stand, the rustic baby bed becomes an unusual side table or elevated planter.
