PROVINCIAL FARM TRAY

\$368

c. 1900 • Xinjiang, China • Wood • Collection #TLB153S

W: 22.5" D: 13.0" H: 4.0"

This wooden farm tray from northern China charms with its rustic finish and asymmetrical form. Hand-carved from a single block of wood, the large tray is truly one-of-a-kind, shaped with tapered sides and a shallow interior basin. Years of use have rounded the corners and imparted a well-worn, wabi-sabi texture. Originally used for food prep in a provincial farm or kitchen, the tray brings natural textures to contemporary interiors as a catch-all or serving platter.
