c. 1900 • Xinjiang, China • Wood • Collection #TLB153V

W: 26.0" D: 14.5" H: 7.0"

This large wooden farm tray from perfectly balances rustic texture with minimalist simplicity. Carved from a solid block of wood, the tray has a rectangular shape with rounded corners, sloping sides, and a deep interior basin. Years of use have imparted a smooth patina and a well-worn, wabi-sabi texture that highlights the original wood grain. Darkened to a rich brown color, this provincial tray brings a touch of organic modern to contemporary interiors as a catch-all bowl or serving platter.

Large split in bottom of tray.
