PROVINCIAL TRAVEL MIRROR

$480

c. 1850 • China • Northern Elmwood, Glass • Collection #CFC184

W: 9.75″ D: 1.25″ H: 13.0″

This round folding mirror dates to the mid-19th century and would have accompanied a well-to-do woman on her travels. The wooden frame is carved with simple scrollwork at the hinge and includes a flat cover that props the mirror upright when open. Beautifully aged and full of character, we love this humble traveling mirror as a storied token from the past.
