Henan, China • Stone • Collection #CS6001 W: 28.0" D: 23.5" H: 13.25"

Shaped from stone sourced from the Nanyang region of China's southern coast, this colorful stone basin swirls with a gorgeous pattern of orange, pink, and grey strata. Carved with an asymmetrical form and smoothed to enhance its warm coloring, the basin looks wonderful both indoors and out as a sculptural centerpiece, sink or a dream bath for birds.
