LIMESTONE FARM TROUGH

\$3,480

c. 1900 • Shanxi, China • Limestone • Collection #TLB005

W: 28.0" D: 21.5" H: 12.0"

Once used on a provincial Chinese farm to hold water or animal feed, this turn-of-the-century stone trough is celebrated today for its organic form and rustic authenticity. Hand-carved from solid limestone, the trough's chiseled surface has weathered with time, developing subtle color variation and fantastic asymmetry. Used as a monumental stone sink or an outdoor planter for lush greenery, this rectangular basin enriches any space with the incredible texture of hand-worked stone.

Trough has been drilled with a drainage hole.
