PETITE DRUM STONE TABLE

\$780

China • Limestone, Steel • Collection #BJFF142B

H: 20.25" Dia: 8.0"

The stone top of this petite drum table references the form of a traditional hand held fish drum. In Taoist mythology the fish drum was the symbol of Zhang Guolao, one of the mythical Eight Immortals. A storied eccentric, Zhang was believed to have lived in the mountains for centuries. As a result, his legendary fish drum became a symbol of longevity and prosperity, especially for newlyweds. We've paired this artisan carved limestone drum with a slender, matte steel pedestal to live on as a versatile table and a minimalist link from present to past.
