c. 1850 • Northern China, China • Northern Elmwood • Collection #BOB507

W: 76.5" D: 16.5" H: 35.5"

This 19th-century village bench from China's Shanxi province is an exceptional example of Qing-dynasty craftsmanship. Unusual for its high back, built-in footrest, and ornate carved decorations, this bench was likely made for an opera house, intended as seating for patrons of theater performances.
