WOVEN TRAY BASKET

\$188

c. 1900 • Shanxi, China • Willow • Collection #BJFF071H

H: 4.25" Dia: 14.25"

Tightly woven of natural reeds, this neat basket likely contained offerings of food, money, and fruit presented as part of ritual ancestor worship on a family altar. Over the course of the past century, the basket's deep color has developed fantastic character that only comes with authentic, time-honored use. Today it elevates fruit in the kitchen or provides a storied home for sundry objects.
