WOVEN FIELD BASKET

\$188

c. 1900 • Shanxi, China • Willow • Collection #BJFF071M

W: 15.5" D: 15.0" H: 5.0"

Tightly woven of natural reeds, this neat basket likely contained offerings of food, money and fruits presented as part of ritual ancestor worship on a family altar. Over the course of the past century, the earthen red and blue finishes have developed fantastic character that only comes with authentic, time-honored use. Today it elevates fruit in the kitchen or provides a storied home for sundry objects.
